

Dear Business Owner,

As business owners we have visions of our company's growth. We can see the future, but sometimes wonder just how to make it all happen. How do we pull all the moving parts together in an efficient time to reap the ROI we see is possible?

Where do we find time to do all the things we know we should be doing for our business?

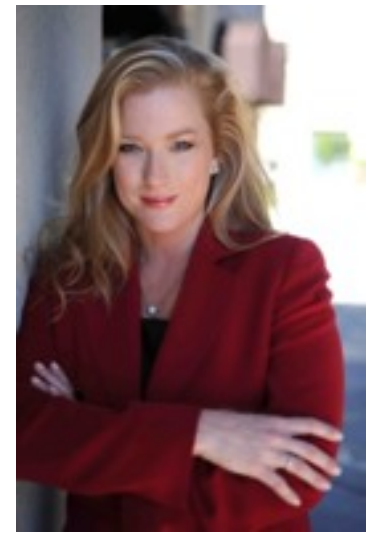

Who can we truly depend on? Who will understand my needs and really deliver what they say they can?

What if you could have the expertise and services of a Business Development Manager, Sales Manager, Customer Service Manager, Website Manager, and Marketing Manager for one manageable fee per month?

Now you can.

Discover TMJ&C Consulting

Most of our clients experience a 25 - 30% increase in cash flow in two months or less.

Expand your business without "hyper-extending" yourself.

Our global team aids businesses to understand the ever changing market place and how to achieve growth with less overhead.

Having worked as a small business owner for over 18 years, and worked with hundreds of small business owners, we understand small business owner's needs and concerns.

Our business expansion plans will fit your calendar and your budget.

I would love to come by and get to know your vision, dreams and goals for yourself and your company. We can set up an initial session to assess which services might best advance your company's direction and reveal increased cash flow and financial stability for sustained growth.

Plus if what we do at TMJ&C does not fit your current needs, we will know someone who can help. Bottom line is we are here to help you.

A few of our Success Stories

- Took one 4 person firm from \$800,000 in annual revenue to \$10M in 5 years
- Advanced the new client bookings from an average of 4 per month for a one person business to 14 equating to a \$20,000 a month increase in sales
- Introduced an existing domestic product line into an international market to expand sales globally
- Cut expenses in half for one firm and increased cash flow 100%
- Saved a firm over \$10,000 in fees per year
- Produced \$20,000 in sales for a client in one day
- Increased sales for a business owner \$33,000 by teaching effective selling techniques
- Production of a series of books that set one business owner as an expert in his field
- A customer service/ training video that reduced staff overhead and increased customer satisfaction
- Assisted a national education firm to create a team environment among work teams that were 'in silos'.

You can afford to reach your dreams, You can't afford not to.
